

AND NOW FOR WAR THE SPANISH CRISIS

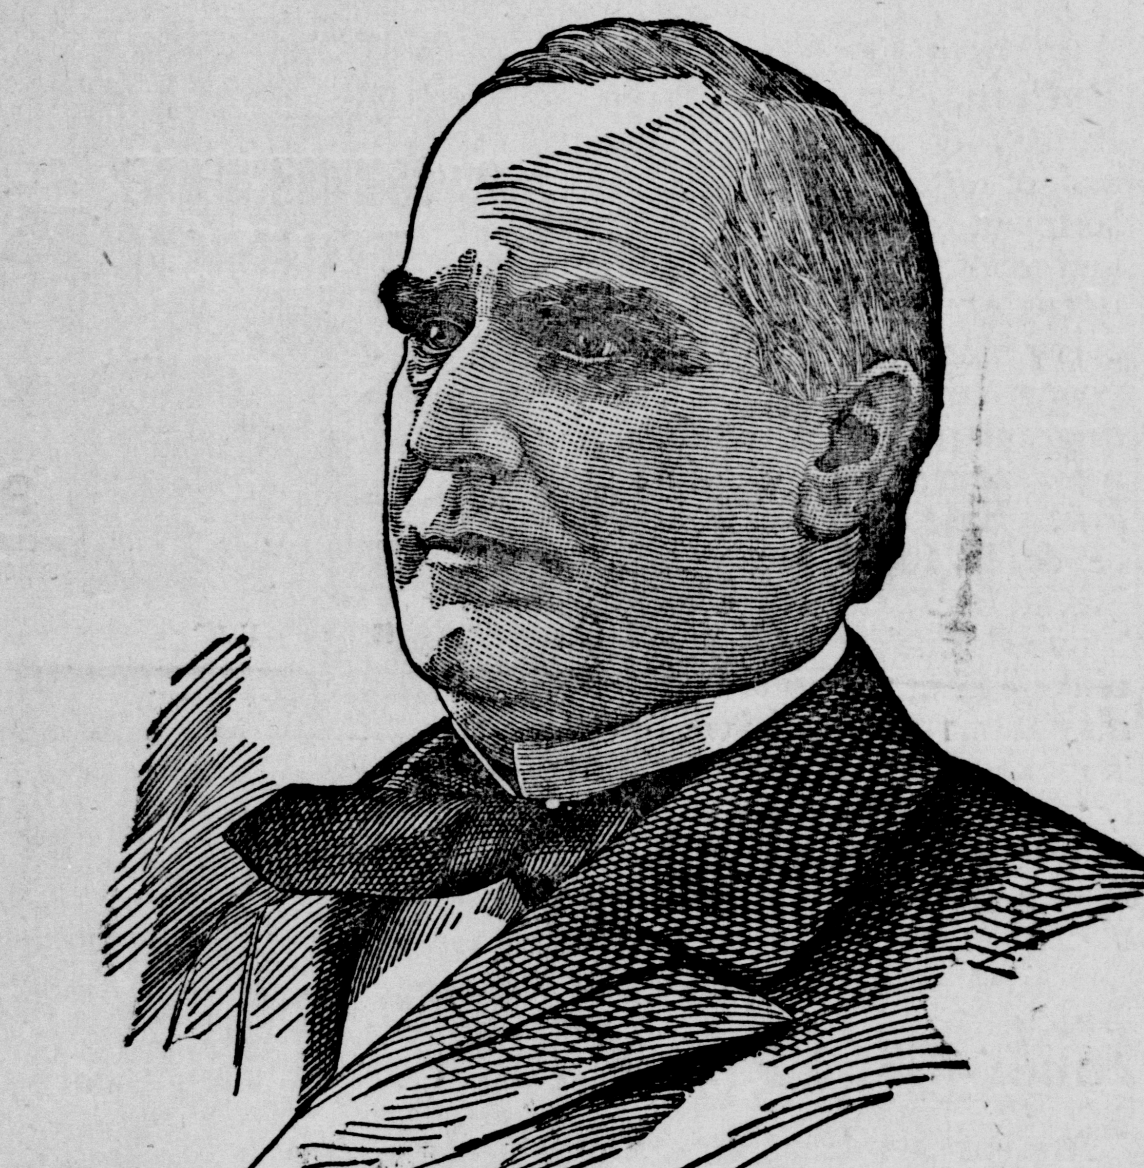

The Senate Committee Takes Action.

RECOGNIZES THE CUBANS AUTHORIZES FORCE.

President is Given Full Authority To Stop The War.

RESOLUTION WAS AGREED UPON AND REPORTED.

Washington, April 13.—[Special]—The senate foreign committee today reported the resolutions recognizing the independence of Cuba and empowering the president to use the naval and land forces of the United States in the intervention.

PRESIDENT WILLIAM McKINLEY.

States to stop the war in Cuba at once. The resolutions are as follows:

Whereas, The horrible condition of destitution and starvation in Cuba is the result of Spanish misrule, culminating in the destruction of an American battleship and the death of 266 officers and crew while on a friendly visit in Havana harbor, as shown in the president's message, Therefore be it

Resolved, First, that the people of the island of Cuba, are, and of right ought to be free and independent.

Second, That the war Spain is waging against Cuba is so destructive of the commercial and property interests of the United States, and so cruel, barbarous, and inhuman in its character, as to make it the duty of the United States to demand, and the government of the United States hereby does demand, that she at once withdraw her land and naval forces from Cuba and Cuban waters.

Third, That the president of the United States be and is hereby empowered and directed to use, if necessary, the entire land and naval forces of the United States, including the militia and naval militia, to carry these resolutions into effect.

The resolutions close by saying the time to interpose has arrived, and that intervention should at once take place and that if, under all the circumstances Spain shall choose to regard such action by this government as cause of war, that the consequences, however deplorable, will be accepted by the American people with all the fortitude and confidence inspired by justice in the act.

The Maine Explosion
The senate committee also submitted a report of its investigation in

the Maine explosion. The report says it was difficult to demonstrate by conclusive proof the personal cause of the explosion, but no such difficulty obscures its official and responsible cause, meaning that the strained relations between Spain and the United

States was the direct cause of the blowing up of the vessel. The report says it was Spain's duty to protect the Maine as long as the vessel was anchored in a Spanish harbor.

The report conclude by saying that it is the opinion of the committee that the destruction of the Maine was encompassed either by the official act of the Spanish authorities, or was made possible by negligence on their part so willing and gross as to be equivalent in culpability to positive criminal action.

The Minority Report.
A minority report signed by Senators Foraker, Turpie, Mills and Daniel was also submitted. This report favored the immediate recognition of Cuba as a free and independent power.

A Demand For Independence.
Washington, April 13.—[Special]—It is stated today that in the ultimate sent to Spain by President McKinley a demand was made for the independence of Cuba.

WILL NOT SEEK DELAY.

Administration Senators Will Not Impede Action in Cuba.

Chicago, April 13.—Walter Wellman, in his Washington dispatch to the Times-Herald says:

"There were in circulation today statements that the near friends of the president in the senate were endeavoring to postpone action, that they sought delay, and that they would make long speeches in an effort to force congress to abandon its intention to issue a mandate to the president to proceed 'immediately.' There is no truth in any of these statements. The senators who have been in close touch with the president throughout the crisis, and who have contended only that he should have a fair chance to work out his policies, are not in favor of any further delay. They do not object, nor does the president object, to the use of the word 'immediately' in the intervention resolutions. The president is ready to act. When he turned the Cuban question over to congress it was because he had exhausted diplomatic resources. He has no wish to do anything except to carry out the will of congress in letter and spirit."

diately" in the intervention resolutions. The president is ready to act. When he turned the Cuban question over to congress it was because he had exhausted diplomatic resources. He has no wish to do anything except to carry out the will of congress in letter and spirit."

READY FOR QUICK ACTION.

Naval Vessels Prepared for an Immediate Movement on Havana.

Key West, April 13.—News that the house and senate committees had agreed on immediate armed intervention was received late this afternoon, and was at once conveyed to Captain Sampson and naval commanders on their ships.

Preparations for moving the squadron are so complete that nothing remains to be done except to get under way. Naval officers are hopeful that orders will come by the end of the week, though they know nothing of the transports for troops or other measures for following up naval movements and landing troops.

The agents of the Cuban insurgents are trying to communicate the probable action of congress to their associates in the field. They may get news across the gulf by means of a boat from the other parts. No vessels are leaving Key West for Havana and none has arrived from there. Though cable messages are sent no answers are received. Nothing has been received since Lee's departure from Havana on Saturday night.

Lee and The President.

It is stated that the meeting between McKinley and Lee was not cordial. Rumor says Lee did not endorse the message, and McKinley intimated to Lee that he should hold his warlike sentiments in check.

Cable Service Interrupted.

THEY WANT A TEN-HOUR DAY

Sawmill Hands at Chippewa Falls Strike for Shorter Hours of Labor.

Chippewa Falls, Wis., April 13.—The Chippewa Lumber & Boom company did not start its sawmill Monday as

promised. The company is having a difficulty with the men who demand a ten-hour day. Manager Irvine, on advice of the stockholders, refused to grant the request. The men will hold a meeting. Mr. Irvine gave them until 6 o'clock this morning to make up their minds to accept or reject the eleven hour day. If they were not at work, it is said another crew will be hired. About 200 men are out.

Marinette, Wis., April 13.—The boom company began this morning the sorting of logs for the season of 1898, and 200 men will be put to work. This is the signal for the full resumption of lumber operations in the twenty mills on the Menominee. The season starts early this year, and it is anticipated that 300,000,000 feet of logs will be manufactured this year.

THREE IN THE FIELD

Another Candidate For Congress in the Third District

Dodgeville, Wis., April 13.—Ex-Senator R. L. Joiner, of this county, has formally announced himself as a candidate for congress in the Third district to succeed Congressman Babcock. With Charles Smith, of Vernon county, there are now three candidates in the field. Mr. Joiner is a supporter of the La Follette wing of the party and there are those here who think that his candidacy will be used to demonstrate the La Follette strength in this county.

STRANGE, MEDDLING ATTITUDE

The Way the Spanish Cabinet Refers to the President's Message.

Madrid, April 13.—[Special]—At a special cabinet meeting today large war credits were granted. The full text of President McKinley's message was read to the cabinet and the following official opinion issued: "The strange, meddling attitude expressed in the message is incompatible with the sovereignty and rights of Spain. These rights admit of no interference with Spain's affairs by any other nation."

JANESVILLE POET WINS

William Walters Secures the Bicycle Prize at Rockford.

William Walters, of this city, is acquiring no end of fame of late as a poet, his latest achievement being the securing of a handsome bicycle as a prize. The handsome wheel goes to William Walters of Janesville, whose dialect skit was given first place. Mr. Walters had five poems in the competition."

BLOCKS THE RAILWAY

Ordinance Which Stops the Progress of the Neenah Electric Road.

Neenah Wis., April 13.—From present indications it looks as if the Fox River Valley Electric Interurban Railway company will not maintain its cars with electric equipment within the city of Neenah for some time to come. H. C. Wells, of Appleton, who had charge of the construction of the line between Appleton and Neenah and within the cities mentioned, today had a crew of men at work extending the line from the dividing line between Menasha and Neenah into Neenah for a distance of only 500 feet in order to make connections at the Northwestern station. This action is taken because the old council passed an ordinance compelling the company to use iron poles along its line within the city.

Mr. Wells said that the chances of an amicable settlement were unfavorable owing to the ordinance.

AN EARLY INSPECTION

Light Infantry Will Be Reviewed Before the 10th of June

Captain Hanson, of the Light Infantry, has been notified that the regular annual inspection this year will take place some time between the first of April and June 10. The inspection will be in charge of Colonel Caldwell, and will probably take place earlier this year than usual for the reason that companies in the southern part of the state were left till the last thing last year.

The local company is working hard these days, and is in good shape, although a few men are still needed to make a total of sixty-five, the number allowed by law.

The last roster of the Wisconsin national guard shows that there are 214 commissioned officers in the state and 2,335 enlisted men, a total of 2,549.

WISCONSIN LEAF TOBACCO MARKET

BUYERS WITHDRAWING FROM PRODUCING DISTRICT.

Most of the Choice Lots Have Been Purchased and Shipped—Packing Is Still Active at the Warehouses—Shipment of Twelve Car Loads Only.

Eligerton, Wis., April 13—Tobacco buyers are gradually withdrawing from the field in nearly all the growing sections. There is a small fraction of the crop remaining unsold, but it is apt to be held at prices so much in advance of those heretofore paid that buyers are unwilling to meet the demand of farmers. Some recent outside figures that have been paid have had a tendency to set up the price and present transactions will therefore be rather limited.

The tobacco packing towns are still busy places. Most of the warehouses have goods enough on hand to keep full forces working for several weeks yet, and even warm weather will be considerably well advanced before all are through handling the crop. The majority of the purchases have been delivered at the warehouses or received and paid for on the farms, which latter some dealers are doing on account of cramped storage facilities.

The transactions in old leaf are extremely limited. A few seed beds for another crop have already been sown though most growers prefer to wait and sow sprouted seed. The shipments out of storage reach twelve carloads for the week to all points. Since last report 760 cases of cigar leaf were exported from New York.

WILL NOT REBUILD THEM

Mr. Wilcox Will Repair His Burned Buildings If the Council Permits.

It will depend entirely with the city council whether or not Charles T. Wilcox rebuilds the burnt wooden structure at the corner of River and Dodge streets.

When asked yesterday as to his intentions in the matter, Mr. Wilcox said he would not lay out one cent on those buildings. After giving the matter another minute's thought he said he would probably repair them, and that much would depend on the action the council will take in the matter.

PINGREE PLAN FAILS.

Solons of Michigan Adjourn—Long Parliamentary Battle.

Lansing, Mich., April 13.—The extra session of the state legislature called by Governor Pingree to consider his measures for the direct taxation of railroad property came to an end Tuesday night without the accomplishment of a single object for which the session was called. The bill to which the governor had pinned all his hopes was killed in the senate last week, and to his friends the other measures were of minor consequence.

The anti-Pingree element endeavored to shirk action upon the railroad taxation bills by the adoption of the concurrent resolution of the house providing for an adjournment at 12 o'clock at night, and cutting short all business with the passage of the war measures. The consent of the senate to the adjournment resolution was secured after a long parliamentary battle, the Pingree forces endeavoring to force a vote upon the railroad taxation bill and the measure to repeal the Michigan Central railroad charter, and the anti-Pingree forces trying to dodge the vote.

The vote was very close on all the propositions which grew out of this strife between the two factions. A long argument resulted upon the bill increasing the tax upon express companies' earnings from 1 to 5 per cent, which amounts to an increase from \$2,500 to \$12,000 per year. This bill is passed as it came from the house.

It lacked half an hour of the time fixed for adjournment when the consideration of the war measures was reached. The bills making a war appropriation of \$500,000 and the bill relating to the reorganization of the national guard and naval reserves were passed at 12 o'clock.

Big Plate-Glass Plant Burns.

Irwin, Pa., April 13.—The extensive plant of the Penn Plate Glass company in North Irwin is in complete ruin. Fire started last night near the new casting mill, caused by the blowing out of a gas converter. The flames spread with great rapidity from one building to another, and in one hour nothing but smouldering ruins remained of the largest and most successful independent plate-glass works of the United States. The night turn was at work, but fortunately all the men got out in safety, and as the building stood comparatively alone the fire did not spread. The loss is estimated at \$750,000, with an insurance of about \$450,000. The concern employed about 500 men.

BOTH HOUSES ARE IN ACCORD.

Conservative Men in Washington Think a Conflict Is Inevitable—Independent Government Wanted for the Island—Money for War Purposes.

Washington, April 13.—"The president is authorized, directed and empowered to intervene at once to restore peace on the island of Cuba and secure to the people thereof a firm, stable and independent government of their own, and is authorized to use the army and navy forces of the United States to secure this end."

This substantially is the resolution agreed upon by the republican members of the foreign affairs committee

by reason of business connections or other good reasons a member of the guards should decide not to enlist, it is not to be held against the individual, but he will be permitted to step aside honorably and with no reflection cast upon him.

"In order that as little partiality as possible may be shown, I was given to understand that the four states—New York, Pennsylvania, Ohio and Illinois—would be asked for two regiments each and other states one regiment each, and some, as in our own case, a battery in addition to the one regiment. It was stated that these troops would be called at once, placed in camp under a rigid military discipline and made ready for an active service, which may not commence before Oct. 1—that is, if it shall be found necessary to send troops to the island of Cuba, as it would not be considered safe to have them there before that date."

TO RAISE WAR FUNDS.

Scheme of Taxation Which Will Add \$100,000,000 a Year to the Revenue.

Washington, April 13.—The republican members of the ways and means committee have agreed upon a plan for raising revenue in case of need to carry on war with Spain. The plan will raise more than \$100,000,000 additional revenue annually and is thus distributed:

An additional tax on beer of \$1 a barrel, estimated to yield \$35,000,000; a bank-stamp tax on the lines of the law of 1866, estimated to yield \$30,000,000; a duty of 3 cents a pound on coffee and 10 cents a pound on tea, and a like amount of internal tax on stocks of coffee and tea on hand in the United States, estimated to yield \$28,000,000, and an additional tax on tobacco, expected to yield \$15,000,000.

The committee also agreed to authorize the issuing of \$500,000,000 bonds. These bonds are to be offered for sale at all postoffices in the United States in amounts of \$50 each, making a great popular loan to be absorbed by the people.

To tide over emergencies the secretary of the treasury will be authorized to issue treasury certificates. These certificates, or debentures, are to be used to pay running expenses when the revenues do not meet the expenditures.

These preparations are distinctly war measures and will be put in operation only should war occur.

MASON DECLARES FOR WAR.

Illinois Senator Replies to Arguments in the Message of the President.

Washington, April 13.—Senator Mason delivered a speech in the senate Tuesday in answer to the president's message. The speech, which declares for war is likely to have its effect upon congress.

It is aimed to answer the president's reference to President Jackson's message against recognition of the independence of Texas. The senator shows that following Jackson's message congress recognized the independence and credited a charge d'affaires to the Texas capital.

The senator says, while the president invoked executive precedents, he ought not to deny congress the right to apply legislative precedents in the same case. The Mason speech quotes from Henry Clay in favor of recognition and from the action of France in 1777 toward the American revolutionists.

The senator says that when the republic of Texas was recognized there were only 30,000 Anglo-Americans within her borders. There are more men under arms in the insurgent army today than there were men, women and children in Texas when her independence was acknowledged by an act of congress. The total army of Texas consisted of fewer than 800 men.

Madrid Mob Restive.

London, April 13.—Though a dispatch was received here from Madrid yesterday saying that everything was quiet there, another dispatch says that the mob reassembled in the principal square and attempted to make another demonstration, but was dispersed by the police. The dispatch also says that the Carlists are holding meetings to discuss the situation. It is believed that if they adopt resolutions of a violent character it will weaken the chances of a continuance of an armistice by further discrediting the government.

Spain's Naval Force.

Washington, April 13.—Spain's two cruisers, the Vizcaya and the Almirante Oquendo, which recently arrived at Porto Rico from Havana, have sailed from Porto Rico. It is understood their destination is the Cape Verde islands. It is admitted by the authorities that Spain has at her disposal a force which will prevent the American navy from gaining an easy victory, and if war should break out some hard fighting may be expected.

War Speeches in the Senate.

Washington, April 13.—A strong speech in favor of hostilities and the independence of Cuba was delivered in the senate by Mr. Mason. Mr. Pettus of Alabama argued that congress could not delegate to the president the power to make war; and Mr. Butler of North Carolina declared that intervention without recognition of independence would mean the crushing of the Cuban patriots.

Sagasta Hopes for Peace.

Madrid, April 13.—Premier Sagasta said that President McKinley's message, so far as it was known to him, was not hostile in tone, and that he is still desirous of peace. Other members of the government and the American minister are said to be confident that hostilities will be averted.

Money for Warships.

Washington, April 13.—The senate

committee on appropriations Tuesday completed consideration of the naval appropriation bill, and Senator Hale afterward reported it to the senate. The amendments recommended by the committee increase the aggregate appropriation made by the bill as it passed the house to the extent of \$3,263,500, making the total \$46,277,558, as compared with \$33,003,234 carried by the appropriation bill of 1897.

Don Carlos Makes a Threat.

London, April 13.—According to a special dispatch from Venice, Don Carlos, the pretender to the Spanish throne, has declared his intention to "hold aloof from hostile manifestations so long as the Spanish government upholds the honor of the nation"; otherwise he will "take the steps he deems necessary to support the dignity of the country."

Call It a Dilatory Policy.

Berlin, April 13.—The impression created here by President McKinley's message to congress was not very favorable. Its tone is considered dilatory and as not promising peace. The politicians at Berlin express the opinion that if the president really had peaceable intentions he would have acknowledged Spain's concession of an armistice.

Domestic Heroines.

[NOTE FROM MRS. PINKHAM'S DIARY.]

THE real heroines of every day are in our homes.

Frequently, however, it is a mistaken and useless heroism.

Women seem to listen to every call of duty except the supreme one that tells them to guard their health.

As long as they can drag themselves around, women continue to work. They have been led to believe that suffering is necessary because they are women. What a mistake! For proof read this:

"I was so weak and nervous that I thought I could not live. I had falling of the womb and leucorrhoea, and thought I was going into consumption. I had dragging pains in my back, burning sensation down to my feet, and so many miserable feelings. I was not able to do my work. People said that I looked like a dead woman. Doctors tried to cure me but failed. I had given up when I heard of Lydia E. Pinkham's Vegetable Compound. I got a bottle. I did not have much faith in it but thought I would try it, and it made a new woman of me. I have been doing my work ever since for a large family. I wish I could get every lady in the land to try it, for it did for me what doctors could not do."—Mrs. SALLIE CRAIG, Baker's Landing, Pa.

If you are ill and need counsel you can secure advice from Mrs. Pinkham's vast experience without cost. Write to her at Lynn, Mass., and tell her the whole truth; you can talk freely to a woman.

The following is the experience of Mrs. Meier in her own words:

DEAR MRS. PINKHAM:—I feel it my duty to inform you of the benefit I have derived from the use of your medicine. I have suffered for two years, and have spent over one hundred dollars for doctors. There was not a week passed without my doctor being called to my bedside. He said I had falling of the womb, and that I must wear a rubber ring. I wore it six months, but I still had those terrible bearing-down pains, and pains in my back and side. Menstruations were so painful that I was compelled to take to my bed. I have taken four bottles of your medicine, and am cured of all those pains. I never felt better in my life than I do now. I would recommend it to all who suffer from female weakness or womb trouble. To all suffering women I would say, "Take Lydia E. Pinkham's Vegetable Compound. It will not only save dollars, but restore you to perfect health."—Mrs. C. E. MEIER, Jacksonboro, Ohio.

STATUS OF THE SEVERAL INDIAN TRIBES IN WISCONSIN.

Pike Spawn for Inland Waters—Some Changes in St. Paul Railway Officials—White Girl Turning Black—Striving for Babcock's Seat—Pensions for Veterans.

Wisconsin has at this late day 9,000 Indians of various tribes. One half of these speak enough English for the purpose of ordinary conversation and more than one half read the English language. Aside from the Winnebagoes they practically wear the ordinary citizen's dress. They are fast learning to recognize the legality of material relations. Eighty-five per cent of them are engaged in pursuits of civilized life; 10 per cent in hunting, fishing and root gathering and the like; only 5 per cent live exclusively on government rations. Of the 1,800 Oneidas, the 1,300 Menominees, and the 500 Stockbridges and Munsees all live on labor in civilized pursuits. Many of the Oneidas compare favorably in thrift, cleanliness and rational life enjoyment with the whites in their vicinity.

They are fairly good material for citizenship and the day is not far distant when they will be admitted to the franchise and cease to be wards of the national government.

FISH HATCHERY OPEN.

Oshkosh Establishment Stocked With a Good Variety.

Oshkosh, Wis., April 13—The formal opening of the Oshkosh fish hatchery took place yesterday. The Wisconsin fish car Badger passed through the city to Gill's Landing on the Wolf river, where nets were set some time since to catch pike for the purpose of securing spawn. The catch was small, but a quantity of spawn was secured which was brought here and deposited in the fish hatchery in North park, which is now complete and equipped for the work. John Moag is superintendent of the hatchery.

Superintendent Nevins of the State Fish commission and other members of the commission, as well as several Oshkosh people, made the trip in the car to Gill's landing. The car returned here about 1:30 and this evening left for Ashland and Bayfield.

Marinette, Wis., April 13—The Fox River Medical society met in quarterly session yesterday. In the forenoon three interesting clinics were presented. One, a little girl, whose skin has turned a bronze color and is gradually growing darker, so that she may in time become a negress. The case puzzled the physicians; another, a man whose body has been violently twitching for two years. Dr. Stolting, of Oconto, hypnotized him with beneficial results. The meeting closed with a banquet.

FINE RECEPTION
OF EASTERN STARBRILLIANT PARTY AT THE AR-
MORY LAST EVENING.

Tasteful Decorations of the Hall Pro-
duce a Scene of Enchantment—Se-
lect Musical Program by Chicago
Talent—Rich Costumes and Hand-
some Women in the Dance.

The greatest of post Easter social
events was the annual reception given
at the Armory last evening by the
Eastern Star order. The hall was
tastefully decorated for the occasion,
there being a profusion of flowers and
potted plants on all sides, while a
magnificent star shone from an azure
field in the center of the hall and the
chandeliers were draped in brilliantly
colored bunting. The members of
Janesville Chapter No. 69 were the
hosts and welcomed scores of visitors
from nearby cities.

A Select Program

The evening's entertainment opened
with a concert by the Weber quart-
ette and the Imperial band of Chi-
cago. This consisted of eleven num-
bers, both classic and popular, se-
lected with rare discrimination, and
gave great satisfaction although there
was evident impatience on the part of
many for the beginning of the terpsi-
chorean part of the program. It was
about 9:30 o'clock when the floor was
cleared for dancing. The grand march
was led by Wilbur F. Carle and Mrs.
Charles A. Sanborn and Mr. and Mrs.
John H. Dower. Dancing was contin-
ued through a select program till an
early hour this morning. When the
end came all united in pronouncing
the function one of the pleasantest
and most successful ever held in
Janesville, and were loud in their
praises of those having the manage-
ment of the affair.

Successful As Managers.

The ushers, who displayed great
vigilance and tact in disposing of the
guests were Misses Maud Nowlan,
Sarah Sutherland, May Merritt, Fan-
nie Bennett, Mabel Peters, Mabel
Greenman, Elsie Fathens and Alice
Evans. The floor managers were
Messrs. Edwin Fife, A. E. Bingham,
Robert M. Bostwick, Dr. E. J. Hart,
E. J. Smith, John Evans, Harry Gar-
butt and Frank G. Strickler.

The entire management of the af-
fair was without a flaw, and all pres-
ent enjoyed themselves to the utmost.
The costumes of many of the ladies
present were rich and costly, and the
scene presented during the progress of
the dance was brilliant in its kalei-
doesopic coloring. The occasion as a
whole was one that will be long re-
membered in Janesville society circles.

Before the concert the guests had
been taken care of by the following
young ladies who very gracefully per-
formed the duties of ushers: Misses
Elaine Nowlan, Sarah Sutherland,
May Merritt, Fannie Bennett, Myrtle
Peters, Mabel Greenman, Elsie Fath-
ers, Allie Evans and Katherine Peters.

posed of the following ladies: Mes-
sames Charles Sanborn, J. H. Dower,

ORDERED OFF THE FARM

James Page Has No Right to Remain on
the Curtis Place

It took a jury of six men but a short
time in Justice Richardson's court
yesterday to decide that James Page
had no legal right to remain on the
farm of Milo Curtis in the town of
Rock. The defendant was a tenant
on the farm, and was ordered off by
Mr. Curtis, but would not go for the
reason that he said his time was not
up for six months yet. The jury de-
cided that he must vacate at once.

REV. MR. THOMPSON'S
VACANT PULPITPRESIDING ELDER PEASE EX-
PLAINS THE SITUATION.

The Pastor's Departure is Entirely of
His Own Volition—His Relations
with People and Clergy Are Cor-
dial—The Pulpit Will Be Well
Filled.

Rev. Frank A. Pease, presiding
elder of the Janesville district of the
Methodist Episcopal church, furnishes
The Gazette with the following state-
ment relative to the removal from this
city of Rev. H. W. Thompson, of the
First church, and his severance of re-
lations with the Methodist church:

EDITOR GAZETTE.—With your per-
mission I would like to say a few
things to the citizens of Janesville re-
garding the condition of affairs in the
First Methodist church of this city. As
is well known to all, the Rev. H.
W. Thompson has accepted a call to
the People's Christian Association at
Fond du Lac, and will at once begin
the work in his new field of labor.
During the year and a half that Rev.
Mr. Thompson has been pastor of the
First church, he has given his undiv-
ided attention to his work, and by
his faithful administration of church
affairs has done a good work.

The severance of his relation as pas-
tor is of his own seeking, and not the
wish of the church. The regular
monthly meeting of the official board
was held at the church last evening,
and at the close of the session, Rev.
Mr. Thompson tendered to me as his
presiding elder, his resignation, which
reads as follows:

"Rev. F. A. Pease, P. E.—Dear Sir
and Brother: I herewith tender to you
my resignation of the pastorate of the
First M. E. church of Janesville, Janes-
ville district, Wisconsin conference. I
also withdraw from the ministry, mem-
bership and communion of the Metho-
dist Episcopal church. Very respect-
fully
H. W. THOMPSON."

In serving his relations with the
denomination of which he has for a
long time been an acceptable and hon-
orable member, Rev. Mr. Thompson
has acted in every way the part of a
christian and a gentleman, and in
view of this fact the official board
passed the following resolution:

"Whereas, Rev. H. W. Thompson
has resigned his pastoral relations to
our church, therefore
Resolved, That we, the official
board of the First M. E. church, desire
to express our appreciation of his
faithful and earnest labors among us,
and regret that these relations must
now cease."

After some discussion regarding
the work of the church, the official
board adjourned to meet Tuesday
evening, April 19, at which time the
matter of filling the vacancy will be
considered.

According to the economy of our
church when a pulpit becomes vacant,
the presiding elder immediately
assumes charge, as its pastor, until
further arrangements are made, so
that no Methodist church is ever really
without a pastor. I wish to say
that all matters of a financial charac-
ter, existing between the church and
Rev. Mr. Thompson, have been properly
settled, and the retiring pastor is paid in full of all
claims. The Rev. E. D. Hall, brother
of Rev. W. A. Hall, of Court Street
church, will occupy the First church
pulpit next Sunday, morning and
evening. The services of the church,
Sunday school and Epworth League
will go on as usual.

FRANK A. PEASE,
Presiding Elder.

submitted the report of the commit-
tee, which has been at work since the
adjournment of the legislature. The

committed. Thousands of dollars, it
is declared, were lost in high living.

OUTBURST OF PATRIOTISM.

The Streets of the National Capital Thronged with Admirers of the Consul-General—His Theory as to the Disaster to the Maine.

Washington, April 13.—General Fitzhugh Lee is the hero of the national capital.

When the special train which carried him from Tampa to the capital pulled into the Pennsylvania station Tuesday there was a great crowd, numbering from 3,000 to 5,000 people, waiting to see him and shout a welcome. There went up a wild shout from the people,

GEN. FITZHUGH LEE.

and they crowded forward to greet him. They cheered for "Our next President," and there were buttons worn by thousands of people bearing the portrait of General Lee.

Assistant Secretary Michael of the state department and Colonel R. I. Fleming, president of the Confederate Veterans' association, were there to meet him, and he was hurried away in a carriage to the state department. The crowd rushed into the street and men on foot, on wheels, and in carriages followed the carriage of General Lee up Pennsylvania avenue, while the crowds on the street joined in the enthusiastic welcome to him. It was not an organized movement, but the enthusiastic outpouring of the spirit of patriotism looking for an idol since the disappointment of yesterday.

At the state department there was another large crowd, and the clerks in the big state, war, and navy building poured out into the corridors and upon the steps to add their voices to the cheering over the consul general. After a short conference with Secretary Sherman and Assistant Secretary Day these two officials escorted General Lee to the white house, and as the carriage drew up under the portal of the main entrance there was more cheering from enthusiastic people, while the consul general crossed the wide hall and entered the library, where President McKinley waited to receive him.

From the white house Gen. Lee went to the Shoreham hotel, and half an hour later slipped out unobserved, boarded a street car and rode to the capitol without being recognized until he entered the senate wing, where another crowd waited outside the room of the committee on foreign relations.

A squad of capitol police rescued the consul general from the crowd and escorted him to the committee room. It was here that the big Virginian seemed most overcome with the greeting given him. He was going before the committee that waited for his testimony before making the final draft of a resolution declaring war on Spain. What he should say to this committee might weigh heavily for peace or for war. He had been summoned as a most important witness, and he had been whirled across the country from Florida to the capitol on a special train that he might be here in time to testify before war was declared.

The big policemen made a way for Gen. Lee through the crowd, and with lips apart and teeth set as though he might fear a Spanish yell instead of the old rebel yell, he walked between them to the committee room, but at the door turned to bow his acknowledgments to the cheers that had greeted him.

At night there were serenades and crowds cheering Gen. Lee.

LEE POINTS TO SPAIN.

Consul-General Believes the Officials at Havana Knew of the Plot.

Washington, April 13.—"In my opinion there is no room to doubt that the destruction of the Maine was due to Spanish agencies."

Consul-General Fitzhugh Lee made this assertion Tuesday before the senate committee on foreign relations.

"Do you mean the Spanish authorities in Cuba?" he was asked by a member of the committee.

"I mean the Spanish officials," he replied, "but not Gen. Blanco. I think some of the officials were cognizant of the plans to destroy the vessel, but I do not believe that the captain-general was."

Gen. Lee said that he had no knowledge of the reports that a mine had been discovered under the Montgomery by a diver while that vessel lay in the harbor of Havana.

Mr. Gladstone Is Better.

Hawarden, April 13.—The bulletin issued Tuesday as to Mr. Gladstone's condition says that Mr. Gladstone is rather better after a somewhat restless night and morning.

Mrs. Gladstone is suffering from an attack of influenza.

A little boy asked for a bottle of "get up in the morning as fast as you can." The druggist recognized a one-half dollar name for "DeWitt's Little Early Risers," and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles. People's Drug Co.

Farmers Lose Heavily.

Clark, S. D., April 13.—The entire country between here and Doland and for a distance twenty miles south of the railroad track has been swept by fire. The loss of property was heavy, many farmers losing all their buildings, seed grain and feed.

Appeal to British Consul.

Havana, April 13.—About six hundred Americans called at the British consulate Monday, as they felt unsafe, owing to false news. Pro-Consul Aristegui appeared them and they returned to their homes, convinced that they would not be molested.

Preparing for War.

London, April 13.—Special dispatches from Madrid say that advices received from the Philippine islands report that the rebellion there is increasing and that 10,000 rebels are now under arms. Trouble is feared at Manila.

The farmer, the mechanic and the bicycle rider are liable to unexpected cuts and bruises. DeWitt's Witch Hazel Salve is the best thing to keep on hand. It heals quickly, and is a well known cure for piles. People's Drug Co.

Osborn, Ohio, Suffers by Fire.

Osborn, Ohio, April 13.—Fire swept the business part of the village Tuesday. The loss will reach \$20,000. The fire department from Dayton made a wonderful run of ten miles and saved the village from destruction.

Earnings of Michigan Railroads.

Lansing, Mich., April 13.—The railroad commissioner's department reports the earnings of Michigan railroads for January at \$2,214,791, an increase of \$288,396 over the same month of 1897, or 13.02 per cent.

Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

HEALTH CATECHISM

To Be Committed to Memory By All Dyspeptics, Invalids, Consumptives.

What is the first cause of ninety-nine of all diseases?

Impaired digestion of food.

Why does impaired digestion cause disease of other organs?

Because blood, nerves, muscles, bone and flesh are derived from the food we eat and digest. If digestion is poor, the blood is supplied from half digested, fermented food, irritating every nerve and organ. The result is, sooner or later, organic disease, because every organ being poorly nourished the weakest gives way first and we have liver trouble, kidney complaints, heart disease and consumption.

Is not dieting the usual and best treatment to cure indigestion?

No, because the dyspeptic has been starved long enough; what is needed is abundant nourishment, not the lack of it. The stomach and blood demand nutriment, not bran crackers.

What is the best method of cure?

Plenty of wholesome food well digested.

But how can a weak stomach digest plenty of wholesome food?

By taking with the food after each meal certain harmless remedies which are known to digest food and thus nourish the blood and rest the weak stomach.

What are these harmless remedies?

The most valuable are vegetable ferments, pure pepsin, Golden Seal and fruit salts. All of these are now combined in the form of pleasant-tasting tablets sold by druggists under the name of Stuart's Dyspepsia Tablets.

Are these tablets superior to the various liquid preparations so called dyspepsia cures?

Most decidedly, because all liquid medicines become stale with age and lose whatever good qualities they may have had originally, while the tablet retains its properties indefinitely. Stuart's Dyspepsia Tablets carried in the pocket, always at hand ready for use when traveling or at daily occupation. They cost but 50 cents, and should be kept in every family. They keep the digestion perfect and save doctor's bills by warding off disease.

Are Stuart's Dyspepsia Tablets adapted to all forms of dyspepsia?

Yes, because in all cases the trouble results from indigestion, fermenting food. Stuart's Dyspepsia Tablets cause the food to be digested before it has time to ferment.

If you wish to know all about them ask your druggist for a package and try them.

If a man could only see what a "wet blanket" he puts over his hard working friend, the stomach, by putting in adulterated, compounded or mean, or cheap whiskey, when it was honestly toiling away to do its work. Well he would never repeat the outrage and injustice. It is like striking your friend a vicious blow when he is eluding away for you with might and main. Don't do it. Let those noxious compounds alone, and use only the pure, straight Green River Whiskey, which is well matured in bond, and made especially pure for medicinal use, it is bottled under the direct supervision of the U. S. Government, the stamp of the nation covers every bottle of it, thus attesting its genuineness, age, proof and purity. Be sure you get Green River Whiskey. J. W. McCulloch, Distiller, Owensboro, Ky. Sold by first class liquor dealers, and leading druggists, or go or send for Green River Whiskey to N. B. COLD FACTS WILL GOVERN.

Apportionment to Be Based on Constitutional Authority and Not on the Strength of Organizations Already in Existence.

Washington, April 13.—In anticipation of the possibility of a call on the National guard of the states and the territories to assist in the national defense in the case of war with Spain Adj. Gen. Corbin of the army has compiled a mass of interesting information in connection with the strength of the National guard and the quota each state and territory would be expected to furnish under calls for from 50,000 to 200,000 men, according, first, to the strength of the National guard, and second, according to the population of the different states and territories.

These tables are complete and show precisely the number of men each state and territory would be expected to furnish under the constitution, regardless of the strength of the National guard organizations in each state and territory.

TEXAS, 1837; CUBA, 1898.

Facts Concerning Recognition of the Former Republic.

Atlanta, Ga., April 13.—The Constitution editorially calls attention to the fact that President McKinley stopped short in his quotations from President Jackson at the most interesting point. The Constitution says:

"The congress of 1837 disagreed with the president and recognized Texas anyhow."

"Regarding these proceedings as a virtual decision of the question submitted by me to congress, I think it my duty to acquiesce therein, and, therefore, I name Alcee La Branch of Louisiana to be charge d'affaires to the republic of Texas."

"In this paragraph, the last one written and signed with the name of Andrew Jackson, he recognized the independence of Texas. In reaching that recognition upon the basis laid down by congress, the American doctrine of international law supplanted the old, and by that action is Andrew Jackson to be judged, and not by previous argument, which he lived to disavow. It is notorious that the republic of Texas had not won such a victory as President McKinley declares must be won by a revolting people before they are entitled to recognition. Their borders continued to be harassed by Mexican encroachments, until, finally, the republic was merged into the United States, and even then our government had inaugurated a bloody war in order to effectually defeat the persistent Mexican forces. This being the true and established policy of the United States, will the congress of 1837 be as true to its mission as that of 1837, and when that congress shall have spoken will President McKinley be the man to stand in the footsteps of Andrew Jackson and to declare in favor of human liberty as against the combined despotism of the world?"

SEPTICIDE

"While in the army with the 54th Ind. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever. THOMAS MOLTER, Chippewa Falls, Wis."
